The certification activities conducted by the above-mentioned legal entity at the following locations are also included in this scope of accreditation:

Location	Country	Address	City
A	Canada	Canadian Welding Bureau (Division of CWB Group - Industry Services) Western Operations 2528 Ellwood Drive, Suite 206 Edmonton, AB T6X 0A9	Edmonton
B	Canada	Canadian Welding Bureau (Division of CWB Group - Industry Services)	Laval

Location	Country	Address	City
		Québec Operations 4321 Autoroute des Laurentides Laval, QC H7L 5W5	

Certification Mark:

Product Certification Scheme:

Instructions: Choose the appropriate paragraph based on the customer's scope, and delete the others.

ISO/IEC 17067, Conformity assessment - Fundamentals of product certification and guidelines for product certification schemes, scheme type 5 most closely resembles the product certification scheme operated by this organization. The surveillance part of this scheme allows for the choice between periodically taking samples of the product either from the point of production, or from the market, or from both, and subjecting them to determination activities to check that items produced subsequent to the initial attestation fulfil the specified requirements. The surveillance includes periodic assessment of the production process, or audit of the management system, or both. The extent to which the four surveillance activities are conducted may be varied for a given situation, as defined in the scheme. If the surveillance includes audit of the management system, an initial audit of the management system will be needed.

Scope of Accreditation:

The scope of accreditation for the above-mentioned legal entity limits the use of the certification mark shown, to products that meet standards classified by the following international classification coding:

ICS No.	Title	Purpose
25.160.20	Welding consumables	Safety
