

CERTIFICATION BODY ACCREDITATION PROGRAM (CBAP)

Scope of Accreditation

Accredited Legal Entity: PricewaterhouseCoopers LLP

Contact Name: Peter Koch

Address: 1400 – 250 Howe Street
Vancouver, British Columbia
V6C 3S7
Canada

Telephone: 604 806 7595

Fax: 604 806 7806

Website: www.pwc.com/ca/en/services/risk-assurance/certification-and-verification-services.html

Email: peter.koch@pwc.com

SCC File Number:	10054
Accreditation Standard:	ISO/IEC 17065:2012 – Conformity assessment — Requirements for bodies certifying products, processes and services
Additional Accreditation Requirement:	Requirements and Guidance – Product, Process, and Service Certification Body Accreditation Program, v5, 2021-09-21
Initial Accreditation:	2007-05-25
Most Recent Reaccreditation:	2022-05-09
Accreditation Valid to:	2024-05-25

Additional Fixed Office Locations:

Refer to the legal entity location identified at the top of this listing. There are no additional locations included in this scope of accreditation:

Product Certification Scheme:

ISO/IEC 17067, Conformity assessment - Fundamentals of product certification and guidelines for product certification schemes, *scheme type 6* most closely resembles the product certification scheme operated by this organization. This scheme is mainly applicable to certification of services and processes. Although services are considered as being generally intangible, the determination activities are not limited to the evaluation of intangible elements (e.g., effectiveness of an organization’s procedures, delays and responsiveness of the

management). In some situations, the tangible elements of a service can support the evidence of conformity indicated by the assessment of processes, resources and controls involved. For example, inspection of the cleanliness of vehicles for the quality of public transportation. As far as processes are concerned, the situation is very similar. For example, the determination activities for welding processes can include testing and inspection of samples of the resultant welds, if applicable. For both services and processes, the surveillance part of this scheme should include periodic audits of the management system and periodic assessment of the service or process.

Forestry Scheme

Subject Areas of Accreditation:

Base program:	CBs operating in the forestry scheme
Additional accreditation standards	SFI (Section 9), Audit Procedures and Auditor Qualifications and Accreditation PEFC ST 2003:2020, 2020-02-14 Requirements for Certification Bodies operating Certification against the PEFC International Chain of Custody Standard
Certification standard:	SFI 2022 Chain of Custody Standard PEFC ST 2002:2020, 2020-02-14 Chain of Custody of Forest and Tree Based Products – Requirements PEFC ST 2001:2020, 2020-02-14 PEFC Trademarks Rules – Requirements
Locations:	A

The scope of accreditation includes the chain of custody of forest-based products as required by the standards listed above.

Chain of custody refers to a system that tracks forest fibre content through production and manufacturing of a product to the final consumer. The following international classification codes specify the types of product under the chain of custody control of this Certification Body.

ICS No.	Title	Purpose
27.190	Biological sources and alternative sources of energy	Chain of Custody; on-product labeling
75.160.10	Solid fuels	Chain of Custody; on-product labeling
79.020	Wood technology processes	Chain of Custody; on-product labeling
79.040	Wood, sawlogs and sawn timber	Chain of Custody; on-product labeling
79.060	Wood-based panels	Chain of Custody; on-product labeling
79.080	Semi-manufactures of timber	Chain of Custody; on-product labeling

ICS No.	Title	Purpose
85.040	Pulps	Chain of Custody; on-product labeling
85.060	Paper and board	Chain of Custody; on-product labeling
85.080	Paper products	Chain of Custody; on-product labeling

This document forms part of the Certificate of Accreditation issued by the Standards Council of Canada (SCC) to PricewaterhouseCoopers LLP. The original version is available in the Directory of Accredited Product, Process and Service Certification Bodies on the SCC website at www.scc.ca.
