Additional Fixed Office Locations:

The certification activities conducted by the above-mentioned legal entity at the following locations are also included in this scope of accreditation:

Certification Mark:

In use until January 1, 2024

The following has also been used since April 12, 2021

Protected Mark:

Product Certification Scheme:

ISO/IEC 17067, Conformity assessment - Fundamentals of product certification and guidelines for product certification schemes, *scheme type 5* most closely resembles the product certification scheme operated by this organization. The surveillance part of this scheme allows for the choice between periodically taking samples of the product either from the point of production, from the market, or from both, and subjecting them to determination activities to check that items produced subsequent to the initial attestation fulfill the specified requirements. The surveillance includes periodic assessment of the production process, or audit of the management system, or both. The extent to which the four surveillance activities are conducted may be varied for a given situation, as defined in the scheme. If the surveillance includes an audit of the management system, an initial audit of the management system will be needed.

Scope of Accreditation:

The scope of accreditation for the above-mentioned legal entity limits the use of the protected mark shown, to products that meet standards classified by the following international classification coding:

ICS No.	Title	Purpose
13.060.20	Drinking water	Performance and Health Safety
71.100.80	Chemicals for purification of water	Health Safety

This document forms part of the Certificate of Accreditation issued by the Standards Council of Canada (SCC) to ALS Group USA, Corp. The original version is available in the Directory of Accredited Product, Process, and Service Certification Bodies on the SCC website at www.scc.ca.
