

## CERTIFICATION BODY ACCREDITATION PROGRAM (CBAP)

### Scope of Accreditation

**Accredited Legal Entity:** **Truesdail Laboratories Inc.**

Contact Name: Anthony Fontana Ph.D., Technical Services Manager,  
 Environmental

**LOCATION A**

Address: 3337 Michelson Drive, Suite CN 750  
 Irvine, CA 92612

Telephone: +1 714 730 6239

Telefax: +1 714 730 6462

Website: [www.truesdail.com](http://www.truesdail.com)

Email: [Anthony.Fontana@ALSGlobal.com](mailto:Anthony.Fontana@ALSGlobal.com)

<b>SCC File Number:</b>	10075
<b>Accreditation Standard:</b>	ISO/IEC 17065:2012 Requirements and Guidance – Product, Process, and Service Certification Body Accreditation Program.
<b>Initial Accreditation:</b>	2016-12-13
<b>Most Recent Accreditation:</b>	2018-03-12
<b>Accreditation Valid To::</b>	2020-12-13

**Additional Fixed Office Locations:**

Refer to the legal entity location identified at the top of this listing. There are no additional locations included in this scope of accreditation:

**Certification Mark:**

**Product Certification Scheme:**

*Instructions: Choose the appropriate paragraph based on the customer's scope and delete the others.*

ISO/IEC 17067, Conformity assessment - Fundamentals of product certification and guidelines for product certification schemes, *scheme type 5* most closely resembles the product certification scheme operated by this organization. The surveillance part of this scheme allows for the choice between periodically taking samples of the product either from the point of production, or from the market, or from both, and subjecting them to determination activities to check that items produced subsequent to the initial attestation fulfil the specified requirements. The surveillance includes periodic assessment of the production process, or audit of the management system, or both. The extent to which the four surveillance activities are conducted may be varied for a given situation, as defined in the scheme. If the surveillance includes audit of the management system, an initial audit of the management system will be needed.

**Scope of Accreditation:**

The scope of accreditation for the above-mentioned legal entity limits the use of the certification mark shown, to products that meet standards classified by the following international classification coding:

ICS No.	Title	Purpose
13.060.20	Drinking water * Drinking water supply systems, see 91.140.60	Performance and Health Safety
23.040.01	Pipeline components and pipelines in general	Performance and Health Safety

ICS No.	Title	Purpose
23.040.10	Iron and steel pipes	Performance and Health Safety
23.040.15	Non-ferrous metal pipes	Performance and Health Safety
23.040.20	Plastics pipes	Performance and Health Safety
23.040.40	Metal fittings	Performance and Health Safety
23.040.45	Plastics fittings	Performance and Health Safety
23.040.50	Pipes and fittings of other materials	Performance and Health Safety
23.040.60	Flanges, couplings and joints	Performance and Health Safety
23.040.70	Hoses and hose assemblies	Performance and Health Safety
23.040.80	Seals for pipe and hose assemblies	Performance and Health Safety
23.040.99	Other pipeline components	Performance and Health Safety
23.060.01	Valves in general	Performance and Health Safety
23.060.10	Globe valves	Performance and Health Safety
23.060.20	Ball and plug valves	Performance and Health Safety
23.060.30	Gate valves	Performance and Health Safety
23.060.40	Pressure regulators	Performance and Health Safety
23.060.50	Check valves	Performance and Health Safety
23.060.99	Other valves	Performance and Health Safety
23.100.40	Piping and couplings	Performance and Health Safety
91.140.60	Water supply systems	Performance and Health Safety

This document forms part of the Certificate of Accreditation issued by the Standards Council of Canada (SCC) to Truesdail Laboratories Inc. The original version is available in the Directory of Accredited Product, Process and Service Certification Bodies on the SCC website at [www.scc.ca](http://www.scc.ca).
